Engage, challenge, and inspire students with work that matters

Transformational Literacy, written by a team from EL Education, helps teachers leverage the Common Core instructional shifts—building knowledge through content-rich nonfiction, reading for and writing with evidence, and regular practice with complex text—to engage students in work that matters. Worthy texts and worthy tasks help students see the connection between their hard work as readers and writers and their capacity to contribute to stronger communities and a better world. The stories, examples, and resources that permeate Transformational Literacy come primarily from the more than 150 EL Education schools around the country that support teachers to select, supplement, customize, and create curriculum, and improve instruction. The book also draws on EL Education's open source Common Core English Language Arts curriculum—often cited as one of the finest in the country—and professional development offered to thousands of teachers to implement that curriculum effectively. Transformational Literacy combines the best of what EL Education knows works for kids—purposeful, inquiry-based learning—and the new imperative of the Common Core—higher and deeper expectations for all students. Teach standards through a compelling and purposeful curriculum that prioritizes worthy texts and worthy task

Improve students' evidence-based reading, thinking, talking, and writing

Support students to develop a new mindset toward the challenge of reading complex texts

Transformational Literacy introduces an approach to literacy instruction that will engage, challenge, and inspire student with work that matters.

Preparing for the United States Naturalization Test A book that has broken the line of the realm of what is real and what is fictional stories and legends. This book takes the reader on a journey into what is thought to be impossible, and yet if thirty years of conspiracy theories are correct then this book is no longer science fiction. As a fan of Science Fiction films and books, the Author has taken the motivation that if he was to write a story that he would want to see become a film; a story that could be a reality. A reality that no common man has the awareness of, a story hidden from man to protect the masses; to protect every living creature on Earth. Plot twists and turns that run at a pace that keeps the reader wondering what will happen next. This book teaches a valuable lesson be careful about what questions you ask you may regret the answers you get. This is one thrilling ride you wont want to miss.

Teaching and Using Document-based Questions for Middle School "4 realistic practice tests + 1 full-length diagnostic test."

The Federalist-Antifederalist Debates This handbook will show users how to do legal research in the wider and sometimes confusing world of
government documents, and is organized intuitively to help the novice. Because many government documents are available freely online, this book is designed to be used in tandem with Internet resources. It can be used as a quick reference tool to navigate the citation formats and unique government information portals, to aid in understanding the material, to find related non-government resources, and to answer some subject-based questions about the availability of government documents. Appendixes cover often-used document numbers and citations, an explanation of the Freedom of Information Act and how to use it to find government documents, and further information and training resources.--Publisher.

Teaching U.S. History Thematically REVISED EDITION FOR 2019! No Bull! This is a concise and to the point review to help you with AP U.S. Government and Politics. Your review book shouldn't need a review book, and that's why we're here! This book contains definitions and explanations for the most important terms, Supreme Court decisions, foundational documents, concepts, and themes in the U.S. Government and Politics curriculum. With over 200 multiple choice questions, 16 practice Free-Response Questions, and an incredible review sheet that follows the entire book, the No Bull Review is a great study-aid whether you are purchasing it for government class in September, or hours before the big exam.

Our American Government This book is about the smallest unit of public policy: the government transaction. Government transactions—requesting a birth certificate, registering a property, or opening a business, for example—are the way that citizens and companies connect with the government. Efficient transactions enhance the business climate, citizen perception of government, and access to crucial public programs and services. In Latin America and the Caribbean, however, government transactions are often headaches. Public institutions rarely coordinate with each other, still rely on paper, and are more concerned about fulfilling bureaucratic requirements than meeting citizens' needs. Wait No More empirically confirms a reality known anecdotally but previously unquantified and offers a path to escape the bureaucratic maze.

Doing History Enhances the world history curriculum through analysis of primary and secondary sources. Features 23 new and revised document-based questions covering significant eras. Teacher support includes scoring rubric and tips for implementation.

Cracking the AP U.S. History Exam 2019, Premium Edition New York Times Bestseller • Notable Book of the Year • Editors' Choice Selection One of Bill Gates’ “Amazing Books” of the Year One of Publishers Weekly’s 10 Best Books of the Year Longlisted for the National Book Award for Nonfiction An NPR Best Book of the Year Winner of the Hillman Prize for Nonfiction Gold Winner • California Book Award (Nonfiction) Finalist • Los Angeles Times Book Prize (History) Finalist • Brooklyn Public Library Literary Prize This “powerful and disturbing history” exposes how American governments deliberately imposed racial segregation on metropolitan areas nationwide (New York Times Book Review). Widely heralded as a "masterful" (Washington Post) and "essential" (Slate) history of the modern American metropolis, Richard Rothstein’s The Color of Law offers “the most forceful argument ever published on how federal, state, and local governments gave rise to and reinforced neighborhood segregation” (William Julius Wilson). Exploding the myth of de facto segregation arising from private prejudice or the unintended consequences of economic forces, Rothstein describes how the American government systematically imposed residential segregation: with undisguised racial zoning; public housing that purposefully segregated previously mixed communities; subsidies for builders to create whites-only suburbs; tax exemptions for institutions that enforced segregation; and support for violent resistance to African Americans in white neighborhoods. A groundbreaking, “virtually indispensable” study that has already transformed our understanding of twentieth-century urban history (Chicago Daily Observer), The Color of Law forces us to face the obligation to remedy our unconstitutional past.

American Government This book offers the tools teachers need to get started with an innovative approach to teaching history, one that develops literacy and higher-order thinking skills, connects the past to students' lives today, and meets Common Core State Standards (grades 7-12). The author provides over 60 primary sources organized into 7 thematic units, each structured around an essential question from U.S. history. As students analyze carefully excerpted documents--speeches by presidents and protesters, Supreme Court cases, political cartoons--they build an understanding of how diverse historical figures have approached key issues. At the same time, students learn to participate in civic debates and develop their own views on what it means to be a 21st-century American. Each unit connects to current events and dynamic classroom activities make history come alive. In addition to the documents themselves, this teaching manual provides: strategies to assess student learning; mini-lectures designed to introduce documents; activities to help students process, display, and integrate their learning; guidance to help teachers create their own units, and more.

Document-based Assessment Activities for U.S. History Classes

Cracking the AP U.S. History Exam, 2018 Edition A guide to using document-based questions to teach middle school students about American
history that explains how to help students analyze a wide variety of visual and graphic sources.

Roadmap to the Regents A practical guide to deeper instruction—a framework for challenging, engaging, and empowering students of all ages For schools to meet ambitious new standards and prepare all students for college, careers, and life, research has shown unequivocally that nothing is more important that the quality of daily instruction. Learning That Lasts presents a new vision for classroom instruction that sharpens and deepens the quality of lessons in all subject areas. It is the opposite of a 'teacher-proof' solution. Instead, it is predicated on a model of instruction that honors teachers as creative and expert planners of learning experiences for their students and who wish to continuously grow in their instructional and content knowledge. It is not a theoretical vision. It is a model of instruction refined in some of the nation's most successful public schools—schools that are beating the odds to create remarkable achievement—situated primarily in urban and rural low-income communities. Using case studies and examples of powerful learning at all grade levels and in all disciplines, Learning That Lasts is a guide to creating classrooms that promote deeper understanding, higher order thinking, and student independence. Through text and companion videos, readers will enter inspiring classrooms where students go beyond basics to become innovators, collaborators, and creators. Learning That Lasts embraces a three-dimensional view of student achievement that includes mastery of knowledge and skills, character, and high-quality work. It is a guide for teachers who wish to make learning more meaningful, memorable, and connected to life, and inspire students to do more than they think possible.

Document Reader for American Government: Stories of a Nation: For the Ap(r) Course Analyzes a series of public domain documents which demonstrate how the government has misled the public, engaging in deception about the objectives and scope of some of its programs and perpetuating wasteful spending and harmful cover-ups.

Marijuana Federalism This title is the latest addition to our Teaching American Diplomacy series. The purpose of this book is to allow high school students to examine the relationship between Cuba and the United States by studying a rich collection of primary materials and classroom-ready lessons which incorporate those materials. This book contains materials from 27 primary sources, including texts of speeches before the House and Senate, articles, legislation, and presidential speeches. Teaching American Diplomacy: Cuba is especially helpful in preparing students for Advanced Placement document-based questions. The sections of the book are: Section 1: U.S.-Cuba Relations A Brief History; Section 2: History Activities with Lesson 1: Historical Background of U.S.-Cuba Relations, Lesson 2: Re-writing History Missed Opportunities or Disaster Averted?, Lesson 3: Cuba, Castro, and the Cold War, Lesson 4: Using Economic Pressure to Influence Other Nations, Lesson 5: What is Next for U.S. Policy Toward Cuba?, Lesson 6: Shifting Foreign Policy: Carter vs. Bush; Section 3: Civics Activities with Lesson 1: Defining Foreign Policy Interests, Lesson 2: Domestic Influences on Foreign Policy Decision-making, Lesson 3: The Role of human Rights in Foreign Policy, Lesson 4: Regional and Special Interest Influences on Foreign Policy; Section 4: Primary Source Documents with Document Index. Read more at http://www.du.edu/ctir/pubs_why.html.

Learning That Lasts, with DVD These flexible assessments can be used both in correlation with the Primary Sources kits or as stand-alone practice pieces for a variety of standardized tests. The Teacher's Edition includes a lesson to help teach students how to write Document-Based Question essays. Each Student Edition (sold separately in packs of 30 and in Add-On packs of 10) contains an assessment with the following types of questions: multiple choice, constructed-response, and documents leading to a DBQ (Document-Based Question) task.

Cracking the AP U.S. History Exam, 2015 Edition EVERYTHING YOU NEED for the NEW 2015 EXAM! Equip yourself to ace the new AP U.S. History Exam with The Princeton Review's comprehensive study guide—including thorough content reviews, targeted strategies for every question type, and
2 full-length practice tests with complete answer explanations. The AP U.S. History course and exam have changed! U. S. History and Government On marijuana, there is no mutual federal-state policy; will this cause federalism to go up in smoke? More than one-half the 50 states have legalized the use of marijuana at least for medical purposes, and about a dozen of those states have gone further, legalizing it for recreational use. Either step would have been almost inconceivable just a couple decades ago. But marijuana remains an illegal “controlled substance” under a 1970 federal law, so those who sell or grow it could still face federal prosecution. How can state and federal laws be in such conflict? And could federal law put the new state laws in jeopardy at some point? This book, an edited volume with contributions by highly regarded legal scholars and policy analysts, is the first detailed examination of these and other questions surrounding a highly unusual conflict between state and federal policies and laws. Marijuana Federalism surveys the constitutional issues that come into play with this conflict, as well as the policy questions related to law enforcement at the federal versus state levels. It also describes specific areas—such as banking regulations—in which federal law has particularly far-reaching effects. Readers will gain a greater understanding of federalism in general, including how the division of authority between the federal and state governments operates in the context of policy and legal disputes between the two levels. This book also will help inform debates as other states consider whether to jump on the bandwagon of marijuana legalization.

No Bull Review - for Use with the AP US Government and Politics Exam Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project.

Constitutional Government in the United States In this brilliantly illuminating group portrait of the men who came to be known as the Founding Fathers, the incomparable Gordon Wood has written a book that seriously asks, "What made these men great?" and shows us, among many other things, just how much character did in fact matter. The life of each—Washington, Adams, Jefferson, Franklin, Hamilton, Madison, Paine—is presented individually as well as collectively, but the thread that binds these portraits together is the idea of character as a lived reality. They were members of the first generation in history that was self-consciously self-made men who understood that the arc of lives, as of nations, is one of moral progress.

The Federalist Papers The issues in the debates over ratifying the Constitution are fundamental to understanding the American Founding. Reading the words of the Federalists and Antifederalists offers unique insights into the principles of American Government. These insights are frequently
lost in textbook accounts. Unfortunately, these works are too difficult for many students today to develop an interest. The vocabulary and length of these documents combine into a perfect storm of discouragement for even highly motivated readers. This hurts our understanding of these issues, and it cripples our ability to engage in the conversation started in 1787. These issues remain relevant and hotly contested. This edition seeks to fulfill two broad goals: 1) to, while still retaining the original words of the authors, make these debates accessible to students who would instead simply read online summaries of the texts and 2) to foster discussions on these vital issues. Each of these 52 documents have been trimmed to a manageable size to make them accessible while still being challenging. Each document also includes a series of questions to foster discussion. This edition brings together a coherent collection of primary source documents, making them ideal for use in advanced high school classes or introductory college courses. The included Document Based Questions will save time for instructors, and the collection as a whole will foster a conversation between readers today and the Founding Fathers of 1787.

About the Editor: Charles Martindell teaches high school and college courses in Government and Western Civilization. In 2012, he received a Master of Arts degree in American History and Government from Ashland University, where he was honored with the Chairman's Award for Outstanding Performance. He also serves as an Ashbrook Ambassador with the Ashbrook Center at Ashland University. Many of the activities and assignments for his classes (including a printable PDF of this book) are available at https://www.teacherspayteachers.com/Store/Primary-Sources

Revolutionary Characters Offers test-taking tips and strategies to improve performance on New York State's Regents Examination in United States History and Government and includes three full-length practice exams with answers and explanations.

Document-Based Assessment for Global History Classic Books Library presents this brand new edition of “The Federalist Papers”, a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. “The Federalist”, as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation’s finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.
