Indian Administration (Sixth Edition) Lal Bahadur Shastri, 1904-1966, former prime minister of India.

Gold, Sport, and Coffee Planting in Mysore An overview of bilateral relations by the ex-ambassadors of India and Pakistan covering the end of the Cold War, liberalization of world trade and relevant issues.

President R. Venkataraman 'Ayesha Jalal's book is an important scholarly account of the partition of India in 1947.' American Historical Review

Delusional Politics "The energy of Eros is powerful--alluring, fascinating, compelling. Many people--especially those who are single or celibate by choice or by circumstance--struggle with the containment of erotic energies. Many people in all walks of life wonder how sexuality and spirituality can live together in harmony. The instinctual energy of Eros and the compelling archetype of Self fire and guide the desires that lead to psychological growth and ultimate spiritual development." "These issues were central to Jung as he began to formulate his theories over against Freud's. The Fires of Desire explores the consequences of Jung's split with Freud over the nature of libido as sexual energy and describes the vicissitudes of that energy's unfolding. The central question is: What is the nature of erotic energy and how may it be transmuted? Just as Jung looked to mythology and the alchemical mysteries of medieval Europe to find answers from the realm of the deep psyche, today one continues to wonder: How is the lead of life transformed into gold? How are ordinary erotic energies transmuted into the passionate yearning that leads the soul to mystical union with the Divine?" "In this book leading Jungians--psychotherapists, analysts, educators, and theologians--revisit the issue that created the Freud/Jung split and attempt to reformulate our understanding of Eros in relation to Spirit. The Fires of Desire follows a developmental path depicting human experience. It marks out the similarities and differences between psychosis and mystical experience. It sketches the structure of feminine and masculine development. It looks at the process of psychospiritual growth and at the transformations of religious experience. In addressing the essential question of the transmutation of erotic energy, it asks: After therapy, what then? In its answer, it delineates four stages in the quest for the Divine and describes the nature of conjunctio or mystical union."--BOOK JACKET.Title Summary field provided by Blackwell North
The Goldfish Bowl

Engineering the Revolution

These Chains Will Be Broken Engineering the Revolution documents the forging of a new relationship between technology and politics in Revolutionary France, and the inauguration of a distinctively modern form of the “technological life.” Here, Ken Alder rewrites the history of the eighteenth century as the total history of one particular artifact—the gun—by offering a novel and historical account of how material artifacts emerge as the outcome of political struggle. By expanding the “political” to include conflict over material objects, this volume rethinks the nature of engineering rationality, the origins of mass production, the rise of meritocracy, and our interpretation of the Enlightenment and the French Revolution.

The Accidental Prime Minister

The Fires of Desire

Assignment Colombo Political biography of P.V. Narasimha Rao, 1921-2004, former prime minister of India.

The Palace of Pleasure Biography of Ramaswami Venkataraman, b. 1910, president of India.

Lal Bahadur Shastri The Palace of Pleasure - Vol. I.: Elizabethan Versions of Italian and French Novels from Boccaccio is an unchanged, high-quality reprint of the original edition of 1890. Hansebooks is editor of the
literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

Diplomatic Divide This book is a portrait of Rajiv Gandhi by the person who knew him best: his wife Sonia. It is in four parts, the first and last being in the nature of meditations - one in words, the other in images. In the first, Sonia Gandhi reveals Rajiv through recollections and reflections, delicate and restrained in tone but powerful in resonance. In the last, Rajiv discloses the essence of himself in a gallery of his own photographs. The biographical narrative in between progresses through pictures and extended captions, interweaving Rajiv's personal history with the milieu in which it unfolded.

Manmohan Singh A tie-in to the television series, which connects the final moments of the last season with the first moments of the new season, follows Jack Bauer as he tries to see his daughter before fleeing an FBI task force and a Russian operations unit.

Present Age This is the most ambitious and comprehensive account of the institutions of democratic delegation in West European parliamentary democracies. An international team of contributors provides unprecedented cross-national investigations of West European political institutions from 1945 until the present day.

Xunzi And Early Chinese Naturalism Essay from the year 2009 in the subject Law - Philosophy, History and Sociology of Law, grade: keine, University of Debrecen (Institution of English and American Studies), language: English, abstract: Since our having been in contact with church law and medical law for long, it was definitely obvious that we would not have chosen other topics to deal with. However, since there is a whole library of books and Internet sites dealing with the British and American legal systems as unique, non-conform ones, we set off to point at the basic differences compared to other laws while we would like to note some interesting canonical
points as well. It is obvious, however, that we cannot expect the perfection of this short essay, therefore we are rather eager to present only some interesting points and views.

Pakistan When your husband (or wife, in Denis Thatcher's case) becomes Prime Minister, and the doors of No.10 close behind you, every aspect of life is suddenly changed. This was what Cherie Booth discovered. Intrigued, Cherie and social historian Cate Haste set out to explore the experience of previous political generations since the 1950s. Based on personal interviews, diaries and letters, and the accounts of surviving spouses, families, close friends and colleagues, the story begins with three Conservatives - Clarissa Eden, Dorothy Macmillan and Elizabeth Home. Then comes a shift with the Labour governments and the different backgrounds and attitudes of Mary Wilson and Audrey Callaghan, before the contrasting experiences of Denis Thatcher and Norma Major. Set against the flow of dramatic events on the world stage, this illuminating book explores the pressures of life in the 'goldfish bowl' and offers fascinating insight into the 'political marriage' and the changing role of the leader's spouse.

India A "Spy" Guide Volume 1 Strategic Information, Intelligence, National Security Explores Xunzi's thought in relation to the early Chinese philosophical context that relied on the natural world.

How to Make Your Car Handle

The Republic of India

The Making of India's Foreign Policy

Great Men and Famous Women Although it lasted only a single term, the presidency of George H. W. Bush was an unusually eventful one, encompassing the fall of the Berlin Wall and the reunification of Germany, the dissolution of the Soviet Union, the invasion of Panama, the Persian Gulf War, and contentious confirmation
hearings over Clarence Thomas and John Tower. Bush has said that to understand the history of his presidency, while “the documentary record is vital,” interviews with members of his administration “add the human side that those papers can never capture.” This book draws on interviews with senior White House and Cabinet officials conducted under the auspices of the Bush Oral History Project (a cooperative effort of the University of Virginia’s Miller Center and the George Bush Presidential Library Foundation) to provide a multidimensional portrait of the first President Bush and his administration. Typically, interviews explored officials’ memories of their service with President Bush and their careers prior to joining the administration. Interviewees also offered political and leadership lessons they had gleaned as eyewitnesses to and shapers of history. The contributors to 41—all seasoned observers of American politics, foreign policy, and government institutions—examine how George H. W. Bush organized and staffed his administration, operated on the international stage, followed his own brand of Republican conservatism, handled legislative affairs, and made judicial appointments. A scrupulously objective analysis of oral history, primary documents, and previous studies, 41 deepens the historical record of the forty-first president and offers fresh insights into the rise of the “new world order” and its challenges. Contributors: Henry J. Abraham, University of Virginia; Jeffrey A. Engel, Southern Methodist University; Hugh Heclo, George Mason University; Sidney M. Milkis, University of Virginia; Michael Nelson, Rhodes College and University of Virginia; Barbara A. Perry, University of Virginia; Russell L. Riley, University of Virginia; Barbara Sinclair, University of California, Los Angeles; Bartholomew Sparrow, University of Texas at Austin; Robert A. Strong, Washington and Lee University; Philip Zelikow, University of Virginia.

Mann Ki Baat The Military Balance is an authoritative assessment of the military capabilities and defence economics of 171 countries. Detailed A-Z entries list each country’s military organisation, personnel numbers, equipment inventories, and relevant economic and demographic data. Regional and select country analyses cover the major developments affecting defence policy and procurement, and defence economics. The opening graphics section displays notable defence statistics, while additional data sets detail selected arms orders and military exercises, as well as comparative defence expenditure and personnel numbers. The Military Balance is an indispensable handbook for anyone conducting serious analysis of security policy and military affairs. The
International Institute for Strategic Studies, founded in 1958, is an independent centre for research, analysis and debate on the problems of conflict, however caused, that have, or potentially have, an important military dimension.

Chairman Or Chief? India A "Spy" Guide - Strategic Information and Developments

Current Issues in Public Administration Offers instructions for tuning or modifying all car parts for improved handling, safety, and performance

Constitutional Government in India When The Accidental Prime Minister was published in 2014, it created a storm and became the publishing sensation of the year. The Prime Minister's Office called the book a work of 'fiction', the press hailed it as a revelatory account of Prime Minister Manmohan Singh's first term in UPA. Written by Singh's media adviser and trusted aide, the book describes Singh's often troubled relations with his ministers, his cautious equation with Sonia Gandhi and how he handled the big crises from managing the Left to pushing through the nuclear deal. Insightful, acute and packed with political anecdotes, The Accidental Prime Minister is one of the great insider accounts of Indian political life.

Bharat Kesri Dr. Syama Prasad Mookerjee with Modern Implications "Those who would know Kierkegaard, the intensely religious humorist, the irrepressibly witty critic of his age and ours, can do no better than to begin with this book. [In it] we find the heart of Kierkagaard. It is not innocuous, not genteel, not comfortable. He does not invite the reader to realx and have a little laugh with him at the expense of other people or at his own foibles. Kierkegaard deliberately challenges the reader's whole existence. "Nor does he merely challenge our existence; he also questions some ideas that had become well entrenched in his time and that are even more characteristic of the present age. Kierkegaard insists, for example, that Christianity was from the start essentially authoritarian--not just that the Catholic Church was, or that Calvin was, or Luther, or, regrettably, most of the Christian churches, but that Christ was--and is. Indeed, though Kierkegaard was, and wished to be, an individual,
and even said that on his tombstone he would like no other epitaph than 'That Individual,' his protest against his age was centered in his lament over the loss of authority." --Walter Kaufman, in the Introduction

The Military Balance 2017 'Looking out of my corner fourth-floor office with a full-frontal view, across First Avenue of the headquarters of the United Nations with the flags of the 193 member states fluttering majestically, I was reminded ever so often of what Bertrand Russell said: 'The trouble with the world is that the stupid are cocksure and the intelligent are full of doubt.' Many democratically elected leaders of the twenty-first century have displayed streaks of recklessness, megalomania, bizarre self-obsession and political views that are difficult to characterize. This book studies the actions of these contemporary political leaders and covers Brexit, the election of Donald Trump, the rise of the BJP under Prime Minister Narendra Modi and decision-making with respect to global governance, terrorism and trade. It brings to light the fact that at the heart of delusional politics is perhaps the delusional politician.

Being a Lawyer in the USA and in Hungary "Ramzy Baroud's book of Palestinian prisoners' stories is a remarkable work. With each story, there is a roll-call of the best of humanity. courage, struggle, determination, generosity, passion, humility .. Everyone should read this searing and beautiful book." JOHN PILGER "you will delve into the lives of men and women, read intimate stories that they have chosen to share with you, stories that may surprise you, anger you and even shock you. But they are crucial stories that must be told, read and retold." KHALIDA JARRAR, Palestine Legislative Council "The rationale for Palestinian resistance is heightened by having law and morality on the side of demands for an end to the oppressive Israeli occupation and the persistent abuse of fundamental Palestinian rights." RICHARD FALK, former UN Special Rapporteur, Prof. Emeritus, Princeton Hundreds of thousands of Palestinians have experienced life in Israel's prisons since 1967, as did many more in previous decades during the course of the ongoing Israeli military occupation. Yet rarely has the story of
their experiences in Israeli jails been told by the prisoners themselves. Typically the Western media portrays them as ‘terrorists’ while well-meaning third-party human rights advocates paint them as hapless victims. They are neither. This book permits the reader to access the reality of Palestinian imprisonment as told by Palestinian prisoners themselves -- stories of appalling suffering and determination to reclaim their freedom. The stories in this book are not meant to serve as an account of Israeli torture methods. Instead, each story highlights a distinct experience -- each so personal, so profound -- in order to underline the humanity of those who are constantly dehumanized by Israeli hasbara and the mainstream corporate media’s biased accounts. Palestinian prisoners are an essential element in the collective resistance against Israeli colonialism, apartheid and military occupation. Rather than being viewed as unfortunate victims, their steadfastness exemplifies the ongoing fight of the Palestinian people as a whole. In reality, all Palestinians living under Israeli occupation and siege are also prisoners. The Gaza Strip is often referred to as the “world’s largest open-air prison.” It is in this context that this book becomes an essential read

Rajiv Former India Foreign Secretary Shyam Saran has had a ringside view of the most critical events and shifts in Indian foreign policy in the new millennium. In this magisterial book, Saran discerns the threads that tie together his experiences as a diplomat

The Encyclopaedia Britannica Contains 31 readings with four case studies which describe how global environments and new technology affects change in the public administration arena.

Delegation and Accountability in Parliamentary Democracies

The Sole Spokesman This edition of Indian Administration is completely revised and updated text. Chapters have been enlarged and rewritten. Fresh chapters have been added on Planning and Audit, making this the most comprehensive treatise on Indian administration today. This is a recommended text for undergraduate students of both political science and public administration.
How India Sees the World
